# Boundary Breaks Wines

Wine Club  
Members:  
Tastings are free

We don't like rules, but we try to follow a few guidelines when we offer our wines to you.

We try our best to offer wines in a particular order.

Typically, that means drier wines before sweeter wines, and usually white wines before red wines.

But the person who conducts your tasting has lots of flexibility.

We want you to have the best experience possible tasting our wines.

See back for Wine Club details.

## Why Riesling?

Professionals in the wine trade almost all agree that Riesling is the finest white grape in the world. Why?

Because it is the world's most versatile white grape, producing wines in many styles from austere, bone dry wines to luscious dessert wines.

Riesling grapes are an ideal choice for a cool climate like the Finger Lakes. Here, our Riesling fruit takes a long time to ripen, which enables it to retain its acidity while it develops complex flavors.

## About Us

*Boundary Breaks Vineyard was founded in 2008 on an ideal site for growing grapes. The vines we produce from our vineyards are designed to exhibit brightness and depth of flavor.*

*The name, "Boundary Breaks" refers to the gorges on the northern and southern edges of our vineyards. These gorges—or "breaks" in the landscape—are the "boundaries" of our property.*

*Thus our name, "Boundary Breaks."*
